

## 7.2 Best Practices

### 1. Abhinandan Yojana (Felicitation Programme) –

- *The college implements this scheme of Felicitation from 2001 on every Republic Day. Merit students of the college who score highest and above 60% marks in that subject are felicitated. They are awarded certificates as well as cash prizes sponsored by the teaching, non-teaching and many superannuated staff of the college. For this purpose the teachers have deposited some amount and interest occurred on that amount is given to the students. The total amount spent on this scheme is approximately Rs.10,000/- and above every year. This function is held on Republic Day, students feel honored and proud as this function is attended by Management Members, Staff and all the students of the college. This scheme has helped the college to create healthy and competitive academic atmosphere among the students.*

### 2. Mobile Library –

- *As the college is located in mofficil area the students commutes from the nearby villages. In these villages there are no libraries or any other source which can cater the need of reading. Which ultimately is the source of motivation for social reformation. With the view to create reading culture in the villages our college is running **13** centres of mobile library. The college provides some books, journals and magazines to these centres without charging any fees from them. These centres are managed and maintained by some of the ex-students of this college and some by volunteers who are interested in social work. Books, Journals and Magazines are made available to them and they are exchanged periodically. The scheme is proved useful in cultivating the reading culture in these villages up to some extend.*
